May 23, 2019

Dear Parents:

The Imagine Weston Governing Board had its May meeting Tuesday evening. An item on the agenda for update was the recent resignation of Dr. Krubitch and afterward the Board listened to public input from numerous parents and teachers. Dr. Krubitch resigned of her own accord, she was not asked to resign nor was she fired. She chose to resign with 18 days remaining in the school year. Investigation into her expressed concerns found no substantiation as written in statements from staff who were present when she offered her resignation. Public input from teachers presented indicated concern about Dr. Krubitch's leadership style. Dr. Krubitch will not be coming back to Imagine Weston and we must move on in finding a new principal for the upcoming school year. Imagine Schools will advertise the position and create an interview committee composed of our stakeholders. During this time Ms. Theresa Sumner, Assistant Principal, has agreed to act as our Interim Principal and handle any and all duties and responsibilities needed until a new principal is named. Ms. Sumner will have the support of Jacquelyn Vernon, Regional Director. We thank you for your interest in this development and will continue to keep you informed of the process.

The Governing Board also heard parental concerns regarding the cleanliness of the building, the middle school program and the offerings of extracurricular activities. Teachers raised concerns about salary levels. The Board will be reviewing and setting priority items for the 2019-2020 school year. The Board has asked Imagine for a plan(s) for the middle school program that will be discussed at the next Board meeting. The Board also finalized a lease with our school facility owner that will take our school through next decade and more.

As you can see, things are happening at Imagine Weston and with you, our parents, they will continue to move forward. Your input is always welcome and appreciated.

Sincerely,

A handwritten signature in blue ink that reads "Jacquelyn Vernon".

Jacquelyn Vernon, Director

Imagine Schools - South Florida Region
